Room 340

25X1 Dear [redacted]

Forwarded herewith are ten copies of the paper on "Problem Issues on the International Scene" which you requested this morning for use by Board members. As requested in our earlier correspondence on this report, Board members' attention should be called to the very limited distribution that it has received for obvious reasons and to the particular sensitivity of two of the pages in this otherwise fairly broad-brush survey. As you know, both are in the section on Strategic Programs. The first is the page entitled "Compliance with SALT Agreements" and the other is the first page of the two-page section on "Proliferation of Nuclear Weapons." Information on these pages is considered to be very sensitive and is being very tightly held.

As always, the National Intelligence Officers are happy to respond to your requests and are available to support you at any time.

Sincerely yours,

25X1

[redacted]
Acting Deputy for National Intelligence Officers
